No. GT/1330
Enc. 3

Office of the President,
City Municipal Council, Mysore.
Dated 31st January 1934.

MR 194-33-1

From

B.T.Kesava Iyengar, Esq., B.A.,
President, City Municipal Council,
Mysore.

To

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to state that instances of washing and bathing in the Karanji Tank having been brought to notice, it was deemed expedient to put a stop thereto by taking action under Section 157 of the City Municipalities Regulation of 1933, lest the tank should be rendered insanitary by the fouling of water.

In view of the urgency of the matter a Memo dated 5th January 1934 (copy enclosed) was circulated among the members of the Municipal Council and their approval was obtained for the issue of a notification under Section 157 of the City Municipalities Regulation prohbiting washing and bathing in the tank.

A copy of the Notification dated 18th January 1934 is herein appended for information. The same also has been sent to the Compiler, Mysore Gazette, Bangalore for publication in the Mysore Gazette.

A copy of the Council's Resolution No.280 dated 27-1-1934 confirming the action taken is submitted for information.

I have the honour to be,

Sir,

Your most obedient servant,

for President.

Submitted for information. The Law section may be consulted as to the legality of the action taken by the Municipal Council in issuing the notice under Sec 157 of the City Municipalities Regn.

Office of the President,
City Municipal Council, Mysore.
Dated 5th January 1934.

M E M O.

The Huzur Secretary has brought to notice some cases of washing and bathing in the Karanji Tank of late. The tank and the feeder channel are being maintained both by the Palace and the Public Works Department. The tank and its surroundings have become a place of public resort for recreation purposes in the evenings. It is not desirable that such a place should become insanitary by the contamination of water by bathing and washing. If this way of fouling water is not put a stop to, the place may eventually become a hot bed of malaria and the area would not serve the purpose for which it is intended.

Although the Municipality is not attending to the maintenance of the tank, it would be advisable to issue a notification prohibiting washing and bathing in the tank under Section 157.

As the matter is considered to be ~~brought~~ urgent in the interests of sanitation, the note is circulated among the Municipal Councillors for favour of approval.
